**TSHF Fiscal Year 2010-2011  
Your Contributions at Work!**

At a recent meeting of the Texas Speech-Language-Hearing Foundation, our financial advisor and our accountant encouraged us with good news about our earnings for the 2010-11 fiscal year. In these times of economic struggle for many, we are proud that the TSH Foundation has weathered these days and has shown approximately a 7.4% increase on our investments.

Your donations have helped us grow to a fund balance of almost \$720,000. Each of our fully endowed funds allows us to offer scholarships and research awards this year at the TSHA Convention. This is wonderful news and meets our objective to provide these awards to our future professionals. However, because of the conservative interest amounts our funds are earning, we need to increase the levels of our current endowments as well as new funds that may be created in years to come.

To this end, the Board is committed to increasing endowment levels of new scholarships to \$25,000 and to \$30,000 for new research awards. If you are interested in establishing a scholarship or research award from your university or in honor/recognition of a special person in our professions, please contact Texas Speech-Language-Hearing Foundation President, Sue Shirley-Howard ([sue@fluencyhouston.com](mailto:sue@fluencyhouston.com)).

Sincerely,

*Sue Shirley-Howard*
