TEXAS SPEECH-LANGUAGE-HEARING FOUNDATION ORGANIZATIONAL CHART

HISTORY OF THE FOUNDATION

1985. The Texas Speech-Language-Hearing Foundation (TSHF) was established by TSHA with the first Board of Directors composed of TSHA officers: Richard Stream, Mary Lovey Wood, Joseph Helmick, and Robbin Parish. The creation of a nonprofit foundation appeared necessary because Braniff Women's Auxiliary had endowed a scholarship fund to support speech-language-pathology students enrolled in any of four North Texas universities. Between 1985 and 1992, three \$500 scholarships were awarded.

1992. Anne Mauzy was appointed by Sandy Friel-Patti (TSHA president) to reorganize the TSHF. The first Board of Directors consisted of Anne Mauzy, President; Tina Bangs, Vice-President; and Larry Higdon, Publicity. Carolyn Wells was soon added to the Board. The Foundation was incorporated as a 501 (c)(3) charitable organization. Cash-in-hand was \$19,309. When Anne Mauzy left the presidency 3 years later, the cash-in-hand plus total pledges equaled \$100,000. The current program of activity was in place.

Educational Programs

The Oscar Mauzy Leadership Conference is a collaboration between the Texas Speech-Language-Hearing Foundation (TSHF) and the TSHA Executive Board, serving as a training opportunity for leadership growth and development for both organizations. The conference was named for Oscar Mauzy (1926-2000), a Texas state senator from Dallas (1966-1986) and former justice of the Texas Supreme Court (1987-1992). He was well known to speech-language pathologists and audiologists across the state for his dedication to our causes and for his good fortune in marrying Anne Rogers Mauzy, a speech-language pathologist who is now listed as the Founding Director of the TSHF. Oscar Mauzy passed away in 2000, and Anne Mauzy passed away in 2018. Discussions with the TSHA Board have continued regarding how the Foundation can provide financial support and collaborate with the TSHA Executive Council and Board on leadership training and initiatives. We currently have three funds available to support Leadership Development. The Julie Beth Noel Leadership Development Fund was awarded for the first time this year to the Texas Speech-Language-Hearing Association to assist with this training.

Theory of Change

IF/WHEN TSHF ***facilitates*** the work of the professional community, ***supports*** innovative research, ***collaborates*** with universities, ***partners*** with service providers and researchers, ***invests*** in emerging clinicians (students), and ***nurtures*** future leaders...

Then, we will see increased scholarships for students, more service projects available, increased research in innovative areas, and expanded opportunities for emerging leaders to receive training...

This will increase access to effective services, help professionals with diverse backgrounds achieve their goals, decrease financial barriers for students, researchers, and service providers, and improve the quality of life for infants, children, and adults of all ages with communication disorders and their families.
